SIGNATURE SPRING ROLLS

The vegetable spring roll is named as such because it would use the new season's spring vegetables and was served at the Spring Festivals. Now this crispy multi-cultural favourite is served throughout the world all year long. The KAPOW Spring roll is made with a delectable mix of chopped vegetables and vermicelli, wrapped in a thin flour shell and deep fried to a delicious golden brown. Serve with your favourite sauce.

- Quick Preparation
- Attractive Food Costs
- Vegetarian Option
